			Evaluation 1
Group name	**Student ID**	**Student name**	**Feedback**
404_Malabe	IT20053796	Hewa Pathiranage K. D.	Less user friendly,Better to change the colors of the buttons. Try to add a background color or an image to make the app more user friendly. Use an image button to select the payment type. Rather than using a back button, add a menu bar or a tab navigation panel.
	IT20126810	G.A.I.P. Dayananda	Less user-friendly, Better to change the colors and sizes of the buttons. Use the same size for the buttons. Try to add a background color or an image to make the app more user-friendly. Rather than using a back button, add a menu bar or a tab navigation panel.
	IT20115234	Thilakarathna A.L.T.P	Less user-friendly, Better to change the colors and sizes of the buttons. Use the same size for the buttons. Try to add a background color or an image to make the app more user-friendly. Rather than using a back button, add a menu bar or a tab navigation panel.
	IT20132446	W.T.N.S. Piyarathna	Less user-friendly, professionalism is low. Add a background color or an image to make the app more user-friendly. Center aligns the elements. Try to use user-friendly colors for buttons as well. Rather than using a back button, try to add a menu bar or a tab navigation panel. If you are applying a rating option make sure that users also can review those ratings.

AIMM	IT19012902	Goonetilleke M.D.K.M	Only crud operations are included here. Didn't find any additional feature. No calculation part included. A little bit less user-friendly. In the 1st interface, buttons are too big. Try to use image buttons for dog breed detail and veterinarians buttons.
	IT20258962	Wanniarachchi M.Y	No calculation part included. Rather than using a back button, add a navigation panel or a menu bar. A little bit less user-friendly.
	IT20239220	Gamage M.I.S	No calculation part included. Didn't find any additional features. You should use at least 2 crud operations. Both search and view are read operations. The scope is low. the usage of resource management is low. Rather than using a back button, add a navigation panel or a menu bar. A little bit less user-friendly.
	IT20220860	Karawita K.S.A	Only crud operations are included here. Didn't find any additional feature.No calculation part included. Little bit less user friendly.
Amigos	IT20210656	Eshani W.G.H	Didn't find any additional features. Only crud operations are included.No calculations. Add a confirmation message once the advertisement is published successfully. Use another user-friendly color as the background color. Page limit exceeded.
	IT20209070	Singh W.M.T.R	Didn't find any additional features. Only crud operations are included. No calculations. Use another user-friendly color as the background color. Wireframe and the app are a bit contrasting in teacher profiles. Page limit exceeded.
	IT20029968	Athukorala Y.J	Didn't find any additional features. Only crud operations are included. No calculations. Use another user-friendly color as the background color. Page limit exceeded.
	IT20213930	Weerasinghe K.M.S.D	Didn't find any additional features. Only crud operations are included. No calculations. Use another user friendly color as the background color. Page limit exceeded. Rather than entering a number use a star rating to make it more user friendly.

Android Warriors	IT20258580	Kanakaratne M.R	No resource files are included here. In service payments entering user details once is enough. Try to filter those details on the payment page. Page limit exceeded.
	IT20139858	Gunasinghe P S L	Wireframe design and the developed app are a bit contrasting. Wireframe design is more user-friendly. Build the app in the same way including the images. Use the same color for the menu bar. Page limit exceeded. Page limit exceeded.
	IT20212872	Pabasara S M L	No resource files are included here. In "my notes" use the create buttons in the same way, either use symbols or name those buttons. Page limit exceeded.
	IT20139476	Kavinda W W H	It is better if you can use user different colors for the buttons. The overall design is good. Page limit exceeded.
Android-077	IT20189594	Rathnayaka R.K.A.R.	If you are using background images use images with light colors. Difficult to focus on the details. A little bit less user-friendly. No need to use many logins and registrations. The scope is less. Try to add more functionalities on behalf of login and registrations. Page limit exceeded.
	IT20200206	Mallawarahchi S.M.A.	Little bit less user friendly. Use different colors and make it more user friendly. Page limit exceeded.
	IT20191788	Wijesiriwardana H.G.N.D.	A little bit less user-friendly. Use different colors and make it more user-friendly. Page limit exceeded.
	IT20148454	Dilshan A.J.Y.J.	If you are using background images use blurred images. Difficult to focus on the details. A little bit less user-friendly. In pending orders, the wireframe and the app are not compatible. Page limit exceeded.
B2C Legends	IT20151492	Warnakulasuriyage K.H.A	Some details are little bit
	IT20216382	Rajakaruna C.R.M.K.G.K	Some details are little bit difficult to read with the dark background. (Blue, pink & red color names). Overall design is good.
	IT20142414	Weerasingha H.P.E.N	Some details are little bit difficult to read with the dark background. (Blue and pink color names). Overall design is good.
	IT20151942	Samarathunga S.R.L	Some details are little bit difficult to read with the dark background. (Blue and pink color names). Overall design is good.

Bluesprint	IT20204334	Weerasekara B.J.D.A	The design in the notice page is not user friendly. Center aligns the elements. Use a light color background.
	IT20205560	Siriwardana H.T.A	Use a light color background.It is better if you can center align the elements. It is better if you can display a confirmation message once the user creates the account successfully.
	IT20207854	De Silva M	When inserting student marks it would be better if you can use a form. And also there should be a field to enter the subject name as well. In student mark interface it is difficult to focus on the details in the table with the background image. Use a light color background.
	IT20210038	Senanayake I.R	When calculating the class fee there should be fields to enter the number of subjects and the subject names as well. Center align the details and use form types o enter those details. Less user friendly. Use a light color background.
Brogrammers	IT20247836	(No Name)	Scope is low. Add more functionalities other than the registration part. No wireframes included. No additional features found here. Didn't include any resource files. Page limit exceeded.
	IT19155562	P.S. Ranasinghe	Less user friendly. Add a tab navigation. If can use fragments to view the items. Only crud operations are included. Page limit exceeded
	IT20225360	Samarasingha S.A.A.M	Scope is low. Include only the wireframes. No resource files included here. Add more functionalities. Page limit exceeded.
	IT19209630	Menikhitiya M.M.Y.S	Not user friendly. Add a tab navigation. Design your app in a better way.
ByteCode	IT20132682	Abilash.L	Overall design and idea is good. Page limit exceeded.
	IT20150570	Nithjapoopathy.S	Overall design and idea is good. Page limit exceeded.
	IT20069704	J.Kunekanth	Overall design and idea is good. Page limit exceeded.
	IT20225742	Sanojan.Y	Overall design and idea is good. Page limit exceeded.

Code_Breakers	IT20227340	Dolawatta M. A	Overall idea and design is good. Page limit exceeded.
	IT20221782	Glenn N. T	Overall idea and design is good. Page limit exceeded.
	IT20241414	Gunawardana G.B.P.	Add the categories in the same page (animals,colors,Multiplication Memorization and calculation) No need to create 2 different pages to select those things. Page limit exceeded.
	IT19067216	Siribaddana S. G	Overall idea and design is good. Page limit exceeded.
Cyber Creepers	IT20051020	W.G.T.Shaminda	Less user friendly .If you are using background images use a image with light background so that it will be easy to focus on the details on the app. Align buttons in a proper way. Use more string values. Only crud operations are found here. Page limit exceeded.
	IT20110284	E.M.P.C.B.Edirisuriya	Less user friendly. Change the background color of the add hotels and find hotels to a more user friendly color. Use a form to enter those details. . Use more string values. Page limit exceeded.
	IT20021184	Jayawansha R.L.C	Less user friendly. Try to improve the design. Page limit exceeded.
	IT20232436	W.M.S.G WEERAKOON	Less user friendly. Should improve the design.Add more functionalities.(eg:- customer rating)
Data pirates	IT20088996	Perera H K S	Only crud operations are found here. Try to add more functionality. Overall Design and the idea is good.
	IT20004972	Perera K A K N	Add more functionalities apart from the crud operations. Overall Design and the idea is good.
	IT20300432	Keshara HKDWMVB	Add more functionalities. Design it in more user friendly manner. Overall Design and the idea is good.
	IT20219802	Bandara D M T D	Add more functionalities. Try to design this in a more user friendly manner.For some interfaces only the wireframe design is included here.

Debuggers	IT19980928	Krishanthini.M	Overall good job. Add some new ideas to improve your design.
	IT20074036	Aishwarya.K	Overall good job. Add some new ideas to improve your design.
	IT20110048	Thanupriyan.A	Overall good job. Add some new ideas to improve your design.
	IT20066802	Pranavan.T	Improve design in a more user friendly manner.Overall good job. Add some new ideas to improve your design.
DEVHOPS_MALABEG5	IT20125684	Weliwita K.T.M.	Center align the elements.Little bit less user friendly.Design the app in a more user friendly manner.Page limit exceeded.
	IT20126742	Shyamal K.A.K.	Doctor signup page is less user friendly. Overall design is good. Page limit exceeded.
	IT20125066	Chandrasena A.P.M.	Overall good job. Page limit exceeded.
	IT20128890	Hewagama S.N.N.	In BMI calculator little bit difficult to focus on the details because of the dark background. Use a different background color there. Re design the todo list in a more user friendly manner. Page limit exceeded.
DigiWorld	IT20011734	F Firdowsiya A. Latheef	Only the wireframes are included in the report. Wireframe design is good. Add more functionalities. Page limit exceeded.
	IT20001520	Hansa Zainab	Only the wireframes are included in the report. Wireframe design is good. Add more functionalities. Page limit exceeded.
	IT20227418	Abinaash J.	Only the wireframes are included in the report. Wireframe design is good. Add more functionalities. Page limit exceeded.
	IT20219116	Fazaal Ahmed	Only the wireframes are included in the report. Design the app in a more user friendly manner. Add more functionalities. Page limit exceeded.

Eagledroid	IT20233358	Diunugala M. W.	Bold the font, so that it will be easy to focus on the details. Add more functionalities to improve your design. Page limit exceeded.
	IT19201542	Senarathne K A N S	Overall design and the idea are good. Add more functionality to improve your design. Page limit exceeded.
	It20132200	Imalsha R C	Less user friendly. Use a different background color. Design the app in a more user friendly way. Page limit exceeded.
	IT19005690	Silva H.K.M.D	Less user friendly. Use a different background color. Design the app in a more user friendly way. Add a tab navigation or a menu bar. Use different color for the buttons as well. Page limit exceeded.
EvaluationHack_ Malabe	IT20202286	Jayarathna P.I.B.	Payment page design Is less user friendly.Redesigned it. Add more functionalities To improve your design.
	IT20141288	Abeygunawardana W.D.H.	Overall design is good. For add and delete buttons in your 2nd interface. Use icons,so that it will be more user friendly.
	IT20159580	Nanayakkara V.G.	Overall design is good.Add more functionalities to improve your design.
	IT20154158	Wickramarathna D.G.N.Ls	Overall Design is good. Add more functionalities to improve the design. Page limit exceeded.
Fitness World	IT20029890	Anuththara G.H.N	Overall design is good.
	IT20040208	Cooray P.L.G.K	Less user friendly. Use a different color to make the app more user friendly. resize the menu bar and the buttons. It is better to change the positions of the buttons.
	IT19169118	Harishchandra G.D.S	Less user friendly. You can add some functionalities to improve your design.
	IT20060626	Sandeepani P.K.P	Bold the fonts and change the font size. Design the app in a more user friendly way.
GOAL DIGGERS	IT20087210	Kumarasiri M.A.G.T	Overall design is good. Add more functionalities.
	IT20208608	Kalansooriya D.M.H.K	Usage of the resource file is low.
	IT20215392	Karunarathna K.H.M.R.U	Overall design is good. Add more functionalities.
	IT20896140	Mariyan P.J.A.Y	Overall design is good. Add more functionalities.
J-MAT Technologies	IT20190002	T.D.M.A.Doloswala	Overall design is good. Improve your app in a more user friendly way.
	IT20125998	Senadeera H.A.M	Overall design is good.
	IT20125752	Weerasekara M.A.R	Overall god job. Design is good.
	IT20004286	Amarasinghe J.V.A	Overall design is good.

NEXUSdev	IT20155070	Siriwardana S.S. A.	Little bit less user friendly. Use a different background image. With the dark background it is difficult to see the content .Add a menu bar.
	IT20154394	Kumara U.G.H.T.	Overall idea is good. Use a different color for the background.Design the app in a more user friendly way.
